Further Development Advocated by Printer's International President.

year ending with May, of 1911, is Union Printers Home-that magnificent institution at Colorado Springs erected and maintained by the International Typographical Union:

"Reference to the report of the Printers Home will make clear the ature of the improvements that have over the fiscal year and well into the traveling expenses of the patient ably enlarged, two new boilers installed, and commodious, sanitary be well worth the undertaking, and the male employes in the second story of the heating plant and laun- Typographical Union. That we will dry building and other and neces-sary improvements made in this con-as to the Home is, I believe amply nection. The library annex has been demonstrated by the facts that I completed, with the exception of fin- have set forth. In the very near ishing the interior of the upper stor-ies. The total amount expended for will be reduced to a very few Even ies. The total amount expended for the improvements mentioned has will be reduced to a very few. Even with the changed policy suggested been about *25,000. A beautiful and we can still care for such of the improved, and in every way an effort has been made to comply with the this writing, there are a number of tablishing the Union Printers Home vacancies in the main building, while and cure for our aged members and Union Printers Home has been a those afflicted with disease. A barren hillside has been converted into developed along the lines that I have a garden spot, than which there is indicated. none more beautiful in this country. Future of the Institution.

The time has arrived, however, when the future of the Union Printers Home must be taken into more careful consideration. The old age national Typographical Union, and had given nothing at all. successful beyond our fondest hopes, the Union Printers Home in that our Home's bounty in the same degree that was true prior to the estabolder members prefer to draw the pension and remain at home, with their friends and relatives. They are not a burden, on their kin, and, self-supporting. Eventually, in my suppose?" he asked. judgment, the old age pension will "Wrong again, sir!" retorted the atepopulate the main building of the t Home, which heretofore has been used for the housing of the older residents. I believe that the Home has a new and greater career before it, and that it should and will be enoverted into a printers' sanatorium where all the members of the Interthan this and establish an institution vouchers, within ten months after the Richard Stanton and Delta lode

his in the cour members who are exhausted and run down by the strenuous requirements of the composing room of today may resort for a der to build up a shattered neryous and physical system so that they may continue at their trade, useful members of society and supporters of families. Those who are blessed with sufficient of this world's goods yearly seek watering places and summer resorts in order The volume containing the reports that there may be recuperation of of the oficers of the International energy and ambition to meet the Typographical Union for the fiscal coming ordeals of the social season

or business world. Why not, then, just from the press. President the Union Printers Home, converted Lynch has this to say as to the into a great sanatorium and restcure, whereenervated members may find that surcease from toll and worriment that will instill into their sys tems energy and ambition, and add to their years of usefulness. If Board of trustees of the Union this project is ever made effective then there will be no necessity to be an increase in the per capita for been made to the institution during the support of the Home for it is nature of the improvements that have tion of the library addition by the erection of the two additional stories erection of the two additional stories not including the interior finish, runs outlined, the Home fund should bear
